LOST TO HOPKINS

M. H. S. DEFEATED IN FIRST GAME OF SEASON SATURDAY

A BATTLE ALL THE WAY

Two Lucky Long Throws in Last Half Put Hopkins "To the Good."—Knee Injury Forces Price Out.

In a game that was a battle from start to finish, Maryville High School lost the opening contest of their basket ball season Saturday night to Hopkins High School, 23-18. The game was played at Hopkins.

Until the last fifteen minutes of the game Coach Zeigler's quintette was several points to the good, the first half ending 12-6 in favor of Maryville. However, a couple of "horse shoe" baskets on long shots put the Hopkins team on its feet and the score was reversed in the second half. A return game with Hopkins will be played here on January 17, at which time the boys hope to even up the score.

Besides the loss of a game the Hopkins trip proved disastrous to Maryville hopes, as John Price received an injury to his knee which may keep him out of the game for the rest of the season. Virgil Robinson, another regular, will be lost by graduation, leaving the team badly crippled.

Those who started in the game were: Robinson and French, forwards; French center; Price and Kirby, guards. Campbell replaced Price when the latter was hurt.

A good crowd of rooters accompanied the team, and according to reports, clearly outclassed the Hopkins-ites on the sidelines.

"DICK" STRONG FOR COLLECTOR

Second Ward Alderman Announces Candidacy for Office.

With the announcement in this issue of the Democrat-Forum of Howard ("Dick") Strong, as candidate for collector for Polk township subject to the action of republican voters, the race for that office is getting interesting, Mr. Strong being the sixth candidate to file. Dick is well known to the citizens of Maryville and is now serving as councilman from the Second ward. A young man of progressive ideas Mr. Strong has made an efficient public official and he will be a strong contender in the race.

Marriage License.

A marriage license was issued today to Aldrich Henggeler of Clyde and Josephine C. Guenther of Conception Junction.

Mr[illegible]'E DIES SUNDAY

Widow of Willebald Yehle Passed Away After Few Days Illness.—Funeral Tomorrow.

Mrs. Mary Jose[illegible]ehle, mother of Conrad W. Yehle, president of the Alderman-Yehle dry goods company, died a noon yesterday at the family home, 216 South Prairie street. Mrs. Yehle had been ill with heart trouble only a few days but her passing away was not unexpected as she had been slowly failing in health for several months.

Mrs. Yehle was the widow of Judge Willebald Yehle, one of the most prominent men of affairs in the city during his life time. At the time of his death about twenty-five years ago he was county judge at large and previous to that time had been postmaster and prominent in the city administration. Mrs. Yehle was born in Baden, Germany, March 18, 1840. She was married to her husband at Jacksonville, Ill., in 1867 and the following year they came to Maryville to reside. Mrs. Yehle was a remarkable woman with a keenness of wit and memory and a genial versitality that she retained until the very last of her days. She held this remarkably clear spirit and consciousness to the end, visiting with her son and daughters and sustaining them with expressions of love and cheer. The surviving children are Conrad W. Yehle, and Misses Katherine and Theresa Yehle, living at home. She also leaves four grandsons to whom she was deeply attached Eugene, Ralph, Carlos and Cleo, the sons of Mr. and Mrs. C. W. Yehle.

Funeral services will be held at nine o'clock tomorrow at St. Mary's Catholic church when requiem mass will be read by the Rev. Father Odillo. The body will be interred in St. Mary's cemetery beside that of her husband.

MISSING REPORT NOT CLEAR.

Wife of Joseph Good Has Letter Written from Hospital on Nov. 9.

The army casualty list today gives the name of Private Joseph Good of Skidmore [illegible]ssing in action in France. Mr. Good's wife received a letter from her husband, written five days before the armistice was signed, saying he had been wounded and was then in the hospital and would be for some time. No other word had been received, but the wife and mother, Mrs. James Dillon, living at Skidmore, feel that it is an error.

No official notice has been received from the government.

To Spend Winter With Son.

Mrs. George W. Moore went to Quitman today to spend the remainder of the winter with her son and daughter, Mr. and Mrs. Ed Moore. Mr. Moore is manager of the Quitman mutual telephone exchange.

TALKED NEW PLAN

COMMISSION GOV'T. DISCUSSED AT MASS MEETING

THOSE OPPOSING ARE FEW

Adherents of Proposed Change in City Government Present Arguments in Convincing Manner.

The mass meeting of citizens at the court house Saturday night to discuss the commission plan of city government resulted in some spirited arguments both for and against the adoption of the plan in Maryville. The chief arguments advanced by those who opposed the plan were, that the commissioners "might" vote themselves excessive salaries, that the adoption of the plan would permit of paving being done over protests of property owners and that it would result in numerous elections. The argument that salaries might be excessive was shown to be based on presumption only with nothing to warrant the belief that the pay of the commissioners would be more than the revenues justified. The paving argument, advanced by J. H. Sayler, who declared that under the commission plan the commissioners would have larger powers in regard to ordering paving of streets brought out the fact that no broader powers would be conferred than is now had under the present aldermanic form. Mr. Sayler also believed that the new plan gave opportunity for numerous elections that would provide the basis for factional differences, and that the plan offered no opportunity for saving that could not be had under the present plan.

M. A. Peery pointed out that with all elective offices except those of mayor and two aldermen done away, under the commission form, the commissioners would be able by combining two or more offices, to effect a saving of between $2,500 and $3,000 a year.

James Conklin, Jr., wanted to know what salaries the mayor and commissioners would draw, expressing the fear, that being allowed to fix their own salaries, they would go the limit and thereby prevent much revenue being available for other purposes. It was pointed out that it was not possible to say at this time what salaries the commissioners would fix, but that Maryville's experiences with her public officials in the past would warrant the belief that with honest and capable men in office, the question of salaries might safely be left to them.

Ellis G. Cook announced his opposition to the proposed change and declared that it was nothing but a fad and that he could not see where the city would be benefitted by the change expressing the belief that it would be wise to let well enough alone, the present aldermanic form of city government having proved eminently satisfactory. Mr. Cook failed to single out any particular disadvantageous feature of the plan, his remarks partaking more of the nature of personalities.

F. P. Robinson gave specifically the reasons why he favored the plan and why he would work for it. He expressed the firm conviction that the new plan proved an unqualified success in hundreds of cities that had tried it, would prove a success here, and that ,with centralized authority, with three men responsible instead of some twenty or more, that the city's revenues could be expended where they would do the most good. Mr. Robinson declared that it was time for Maryville to try something, as with the old plan of government having miserably failed, with the city going backward instead of forward in civic matters, with residents leaving the city for the reason that there was a lack of progress, business men were coming to a realization that something must be done, or that there would be still further decline of business prosperity.

J. J. Heifner announced his intention to work for the adoption of the new plan at Tuesday's election, believing it offered relief from existing conditions. Mr. Heifner declared that no other section of the state offered the possibilities of Nodaway county and that Maryville ought to have the best to be had in city government.

Geo. Robb Ellison reviewed the law under which it is proposed to change to the new plan, the powers given the commissioners, the safeguards that are provided together with all details that

$176,204 FOR THE NORMAL

State Tax Commission Will Recommend a Cut of $66,000 From Sum Asked by the Board.

From the report of the State Tax Commission on the state budget which includes recommendations for appropriations for state institutions, it looks as though the Normal school would have to get along with an amount considerably less than the sum requested. The Normal wanted $242,704, but the budget will only recommend that $176,204 be allowed. Buildings at the Kirksville state normal which was destroyed by fire last summer and a building for the Colony of Feeble-Minded at Marshall, will be the only structures recommended in the commission's report.

The requests and the recommended appropriations for the five normal schools in the state are given as follows:

First district normal, Kirksville, requested $537,846; recommended $391,298.

Second district normal, Warrensburg requested $459,220; recommended $274,420.

Third district normal, Cape Girardeau, requested $392,506; recommended $274,980.

Fourth district normal, Springfield, requested $251,100; recommended $230,400.

Fifth district normal, Maryville, requested 242,05; recommended $176,204.

MEET AT BARNARD

COUNTY S. S. CONVENTION WILL MEET THERE THIS YEAR

EXECUTIVE COM. MEETS

Much Interest in Organization of Community Teacher Training Class. Union Service Announced.

The next meeting of the Nodaway County Sunday School Convention will be held at Barnard, September 23, it is announced by Preisdent G. B. Roseberry, president of the association. The decision was reached at a meeting yesterday afternoon of the executive committee of the association, when an invitation was presented by Roy Cook in behalf of the Grant township organization. The board voted unanimously to hold the next convention at Barnard.

Announcement was made that there would be a union service of the churches on Sunday, February 23, when John Alexander of Chicago, International superintendent of young people's work, and Sterling Williams, of Kansas City, state superintendent young people's work, would be the principal speakers.

Supt. Bert Cooper, in reporting progress made in the organization of the community teacher training class announced that Prof. J. W. Osburn had consented to act as instructor, the first meeting to be held tonight at the Christian church. The course of study is the one approved by the international association and will consist of forty lessons, divided as follows: The first ten lessons will be devoted to the pupil, the second ten lessons to the teacher, the third ten to the life of Christ ad the remaining ten will deal with the church. The teacher training class is arousing widespread interest among the teachers in the Sunday Schools in both the city and country as its organiztion offers a course of training that means greater efficiency in Sunday school work and the study of problems that are of vital importance.

At yesterday's meeting new plans were discussed relative to holding township conventions, it being desired that more time be given Mrs. I. E. Tulloch, elementary superintendent, to meet and confer with workers and teachers. A plan and schedule of township conventions for the year will be presented at the next meeting of the committee on February 9.

A number of reports were received from Sunday Schools telling of progress made with the fund for Armenian and Syrian relief.

Rev. Holladay to Assist.

Rev. R. C. Holladay of the Methodist church, South, has been assigned to assist in the Centenary Movement campaign of the church and will take part in the work in the Macon and Chillicothe districts. Rev. Holladay will be absent from the city during the greater part of the week.

SUFFRAGE BILL NO. 1

WOMEN'S MEASURE IS FIRST ON LEGISLATIVE CALENDAR

LOBBYING FOR PASSAGE

Many Well Known Suffrage Leaders Are at Jefferson City.—Ask Presidential Suffrage Only.

Jefferson City, Mo., Jan. 13.—Suffragist leaders from all parts of the state, here as lobbyists for the woman's suffrage bill have completed a poll of both houses of the legislature, which shows the suffrage bill to have a good sized majority in both. The bill is No. 1 on the calendar of both houses, by consent of President Pro Tem Goodson of the senate, and Speaker Sam F. O'Falon of the house.

The suffragists have been active on the floor and in the hotel lobbies since the first day of the session. Most of them have had experience in previous sessions, and already know the old members of both houses. Those who are here are Mrs. Walter McNab Miller of Columbia, president of the state suffrage association; Mrs. David O'Neil of St. Louis, vice president of the association; Mrs. William Haight of Howell, secretary Mrs. Jules Rosenberger of Kansas City, a director; Miss Marie Ames of St. Louis, executive secretary of the board of directors; Mrs. W. E. Harshe of Columbia, a director, and Miss Alma Sasse of Brunswick. In addition to these the following Jefferson City women are acting as lobbyists, Mrs. James William Parker, Mrs. Claude Clarke, Mrs. William Painter, Mrs. Joseph Kollsmeyer and Miss Matilda Dallmeyer. Wives of several of the senators also are working for the bill.

A poll indicates that a majority of the St. Louis delegation will support the bill, as both parties in their platforms have declared for it, and the governor, in his message, also has urged that it be passed.

The suffragists are asking only for the right to vote for electors of president and vice president, a right which the women now have in nineteen other states. The bill which has been framed will be introduced in the house by Walter Bailey of Joplin, and in the senate by James W. McKnight of King City. It closely resembles the laws in Illinois, Nebraska North Dakota and Rhode Island, which have presidential suffrage only.

HURT IN COASTING ACCIDENT.

Miss Frances Hahn Seriously Injured When Sled Overturned.

Miss Francis Hahn, daughter of Mr. and Mrs. M. A. Hahn, teacher in the Elmo public school, was seriously injured last Thursday night while out coasting with a party of friends there. The sled on which Miss Hahn was coasting was overturned and she was thrown violently to the ground, sustaining injuries to her neck and spine. Miss Hahn was removed to her home, following the accident and it is believed that it will be some time before she is able to resume her work. Miss Nina Merrigan of Conception Junction was secured as substitute teacher until Miss Hahn's recovery.

CIVIL WAR ENDED?

BERLIN GOV'T. REPORTED TO HAVE ROUTED SPARTACIDES

LOYAL TROOPS CONTROL

Radicals Reported to Have Sustained 2,100 Casualties With 600 Killed. Are Fleeing From City.

Copenhagen, Jan. 13. — Civil war which has been raging in Berlin, came to an end Sunday with government troops in control of the city and the Spartacides fleeing, said a dispatch from that city today. Karl Radak, representative of the Russian Bolsheviki, who has been aiding Karl Liebnecht in the organzaton of the Spartacides and the spreading of Bolshevist propaganda in Berlin, has been arrested on orders from Chancellor Ebert. During a peaceful demonstration of socinlists in Liepsigstrasse Sunday afternoon Spartacides fired on the participant with hidden machine guns, killing and wounding several.

Government troops in Berlin have stormed and recaptured the great Balez plant, now a brewery, and the police station. It was at the latter place that Radak was taken. It was subsequently learned that Liebnecht had been found and arrested. The Spartacide cause is now regarded as decisively lost.

Severity of the fighting around the Voerwaerts building is shown by the fait that the loyal troops found four hundred dead Spartacides in the structure with many wounded having taken refuge in the cellar.

A state of siege has been proclaimed at Ratisbon, in Bavaria, as a result of disorder there. Many Spartacide prisoners are reported to have been executed at Berlin. The Spartacides sustained 2,100 casualties in the fighting in Berlin during the past week, 600 having been killed. Dusseldorff, Saturday was reported to be in the hands of the German Reds, has been occupied by troops from the British army of occupation in Germany.

Washington, Jan. 13.—Leaders of the Spartacides in Berlin have sent a telegram to Moscow saying that "fighting must be stopped as soon as possible because the working classes were not yet ripe for a dictatorship of the proletariat according to German press reports reaching the state department.

BACK WILSON'S FOOD BILL.

Washington, Jan. 13.—The passage by the House this afternoon of a bill embodying the President's proposal of 100 million dollars for foodstuffs for Europe, was foreshadowed, not only by the presence of a solid democratic majority, but by a strong championship measure voiced by "Uncle" Joe Cannon and minority leader, Mann.

ARMISTICE RENEWAL TERMS.

London, Jan., 13.—The terms on which the armistice with Germany will be renewed will give Marshal Foch and the Allied commander a freer hand and additional power to take the initiative if circumstances demand, according to information received by the Evening News from Paris his afternoon.

THE WEATHER.

Generally fair tonight and Tuesday; slightly colder tonight.

No Taxation Increase

The regular annual rate of taxation in cities of the third class and cities of the fourth class when the population is less than ten thousand is the same, as fixed by the Constitution. Commission form of government can not change the regular annual tax rate, as that is governed by the provisions of the Constitution based on population.

RELATING TO PEACE.

(By W. C. VanCleve).

President and Mrs. Wilson have been having a good time over in the Old World. They have hobnobbed with kings, emperors, princes and potentates and royalty in general until the quiet simplicity of Washington, D. C., U. S. A. should be a genuine relief and joy. They have feasted with the elect while the populace has strewn flowers in their pathway and the glad acclaim of admiring peoples has marked the President as the personification of democracy in its broad sense and the saviour of civilization. He has been made a citizen of three great nations. All of this has no doubt been sweet incense to the nostril and music to the ear of the great representative of a nation of free men who do not themselves specialize in hero worship. The experience will be interesting, educational, and highly stimulating and energizing for the hard work ahead if not prolonged to the point of weariness. While the President is thus getting his bearings, getting a clearer conception of the public mind in the allied countries, and sounding the depths of European diplomacy, the American people, with their usual fortitude and faith in the final triumph of right and justice, are complacently going about their business and patiently waiting for some definite beginning of real peace negotiations.

It is pretty generally conceded now that the President was wise in going across the waters in order that he might get a clearer and more definite understanding of the situation from the European viewpoint, and in order that he might the more fully impress the allied powers with the American idea of right and fair dealing. That he is badly needed at home can not be denied. The shortest and busiest session of Congress is in session. The era of transition from war back to peace is at hand and there is no general, definite, constructive policy agreed upon. In spite of all this, he is doubtless right in believing that his greatest duty is abroad. The greatest work immediately before us today is to conclude an early and satisfactory peace with the enemy and get our boys back into civil life. The world is badly upset and the sooner it caan be readjjusted to orderly conduct the better all around.

It is also easy to understand why it was neither possible nor wise to undertake any general announcement of our claims before the peace conference in detail in advance. We have his fourteen points, generally accepted by Old World nations as a basis or general chart for a jjust peace, but there is a world of work in converting principles into practical, workable mechanism. The principle of aerial navigation flitted through the brain of Darius Green of "flying machine" fame in the old fifth readers. Mother Shipman announced the coming of horseless carriages and Jules Verne dreamed of submarines but it took the mechanical genius of the world many years to put these conceptions ihto successful machinery and to practical use. The lack of information in detail and the difficulty of visualizing general principles in the form of practical, operating machinery is causing embarrassment to the President's friends in Washington. In the United States Senate, where, under our constitution, the peace treaty must be ratified or rejected, there is a disposition to discuss our probable plays in the great game ahead. Numerous questions arise which no one seems able to answer authoritatively. What is involved in the much discussed "league of nations?" Just what does "freedom of the seas" mean? What was in the President's mind when he suggested the removal of "economic barriers?" It has been made quite clear that we do not want colonial acquisitions or territorial extensions but how about reparation, damages or indemnities from Germany? These and other questions are agitating the minds of legislators. Certain senators have made bold to state their criticisms of what they conceive to be the answer but it is very difficult to frame an answer to these critics on speculation. In due course of time of course all these things must take concrete form and the case will be before the world. The matter, however, of drawing a final contract involving the rights and responsibilities of twenty-eight nations and of having it agreed to, is no small undertaking, and there is evidence that, on some of the above propositions, there will be differences of opinion. The American peace commissioners will have to grapple with many of the master minds of Europe and there are likely to be some master plays before the game is ended. At the close of the Napoleonic wars, France went into the conference against the trained minds of enemy representatives and with hardly a friend in the conference. Yet the great Talleyrand fenced until he saw divisions in the ranks of the enemy, the small nations came to his support after he had supported them, and he won, under the circumstances, what was conceded to be a great victory single handed.

PURCHASES NEW BARBER SHOP

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Red Cross News From Nodaway Auxiliaries

MRS ARTHUR M. CROOKE
Phone, Hanamo 4564

(Note:—Please report or send all news of Red Cross Activities to the editor of this column)

Attention Workers. All surgical dressings were finished last week and auxiliaries are now asked to give their time to the making of garments. Each afternoon and evening an instructor will be at Red Cross headquarters on West Third street and every one who is willing to help is asked to do so for the quota assigned must be finished by January 20.

Home Service. Discharged soldiers will receive important literature by writing Miss Bettie Turner, Maryville, Mo., and mentioning the fact of their discharge.

Home Service. The obligation of the Red Cross to families of the men in the active military or naval forces does not cease upon their honorable discharge. We owe a duty to these men and their families during the period of readjustment to civil life, which the Red Cross must help fulfill through Home Service. This duty is especially important in cases where discharged men are physically weakened through disease or wounds. Even apart from such cases, however, the duty to discharged men and their families will be of very large scope during the months of, and immediately following demobilization. The Red Cross must be prepared to render service of this character for a considerable time after peace is declared. The object in dealing with the known needs of discharged men and their families should be to aid them in adjusting themselves to their existing economic and social surroundings in the best manner possible. The family of a man honorably discharged, when there is a real opportunity for acceptable service, should be considered a proper object of Home Service during at least a year after discharge. Beyond that period each such application for help may be dealt with individually in the discretion of the Home Service section.

Home Service. Henceforth and until further notice, Home Service applies to discharged soldiers and sailors (whether able-bodied or disabled) and their families, and to the families of deceased soldiers and sailors, whether or not the families in either class were known to Home Service sections during the period in which their men were in military or naval service.

Mrs. Vilas Martin, chairman of nursing activities hopes to have a school of nursing started in Maryville within a short time. Any person, either in the city or country, who wishes to take the course can secure full details by calling Mrs. Martin. The course will comprise fifteen lessons, the cost for which will be $1.05—50 cents admission fee and 55 cents for text book. This work has already been installed at Graham with Mrs. Freytag as instructor. Mrs. Martin together with Mrs. Freytag will go to Kansas City this week to atten a four-day school of instruction or institute. Mrs. Martin hopes to see the course of nursing established in all the high schools in the county.

The Woodmen Circle will meet Monday night at headquarters on West Third street. All members are urged to be present to work on garments.

The following auxixliaries reported last week as follows:

First M. E. Missionary: Miss Eva Rittenour, instructor; members present: Mesdames Winfield Scott, R. L. Kirby, Herndon, N. H. Brown, T. L. Wadley, G. R. Cornelius, Misses Ruth Matter, Ida Barton. Made 150 compresses 8x4 and 122 4x4 wipes.

Daily Health Talks

GOING BACK TO NATURE.

BY DR. W. LUCAS.

People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation to cure almost every ill. Some of these vegetable growths are understood by man, and some are not. Animals, it would seem, know what to do when they are sick better than men and women. Observers have noted that a sick horse, dog or cat will stop eating food and seek out some vegetable growth in the field or yard, which, when found and eaten, often restores appetite and health. Haven't you seen these animals do this very thing yourself?

Dr. Pierce, of Buffalo, N. Y., long since found the herbs and roots provided by Nature to overcome constipation, and he had these vegetables collected and made up of Mayapple, leaves of Aloe, root of Jalap, into little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets. You must understand that when your intestines are stopped up, poisons and decayed matter are imprisoned in your system and these are carried by the blood throughout your body. Thus does your head ache, you get dizzy, you can't sleep, your skin may break out, your appetite declines, you get tired and despondent. As a matter of fact, you may get sick all over. Don't you see how useless all this suffering is? All that is often needed is a few of Dr. Pierce's Pleasant Pellets, which he has placed in all drug stores for your convenience and health. Try them by all means. They are probably the very thing you need right now.

NOTICE OF SPECIAL ELECTION.
Proclamation of the Mayor.

A petition therefor having been filed with the Mayor and City Clerk of the City of Maryville, Missouri, in the form required by law and properly signed by qualified voters and electors of said City of Maryville in number greater than twenty-five per centum of the votes cast for all the candidates for Mayor of said city at the last preceding city election held in said city, therefore in accordance with said petition and in accordance with the provisions of Ordinance No. 805 of said city of Maryville, passed and approved on the 20th day of December, 1918, and by virtue of the provisions of the laws of the State of Missouri, hereinafter mentioned, I, W. O. Garrett, Mayor of said City of Maryville, do hereby order and direct that a special election of all the qualified voters of said City of Maryville, be had and held in said city on Tuesday, the 14th day of January, 1919, for the purpose of voting on the proposition to organize said City of Maryville as a city under and according to the provisions of an act of the Forty Seventh General Assembly of Missouri, entitled, "An act providing for an alternative form of government for cities of the third class and cities now having or that may hereafter have a population entitling them to become cities of the third class, and cities under special charters, making provisions for the election of a mayor and four councilmen at large, for a method of nominating candidates for office at a primary election, for electing candidates selected at such primary election at a general election, providing for the appointment of various city officers, and providing for the initiative and referendum in municipal legislation, and further providing for the recall of any elective officer, which shall become effective only in the event of an adoption of the provisions of this act by the vote of the electors of any said cities ,and providing for the renunciation of the provisions of this act when once adopted, with an emergency clause," approved March 28, 1913 and found on pages 517 and 533 inclusive of the Laws of Missouri of 1913, and amendments thereto as found on page 375 of the Laws of Missouri, of 1917. If the majority of the votes cast at said special election shall be in favor thereof, said City of Maryville will be organized under and subject to the provisions of said law, and there will thereafter be elected a mayor and two councilmen for said city as therein provided.

The polling places for said special election shall be as follows: First Ward—City Hall, No. 203 East Fourth Street. Second Ward—Building known as Sewell's Garage, No. 114 to 116 West 4th Street. Third Ward—Gray's Feed Yard, No. 114 West Second St. Fourth Ward—Building at No. 130 East Third Street. All in said City of Maryville, Missouri. When and where all the qualified voters of said City of Maryville are hereby notified to appear and vote on said proposition.

The polls will be opened at 6 o'clock a. m. and kept open until 7 o'clock p. m. unless the sun sets after 7 o'clock, when the polls will be kept open until sunset.

The judges of election appointed therefor by said Ordinance No. 805, shall conduct said special election.

Witness my hand as Mayor of the City of Maryville, Missouri, this 20th day of December, 1918.

TALKED NEW PLAN

(Continued from first page.)

would lead to a full understanding of the questions involved. Mr. Ellison urged the adoption of the commission form, expressing the opinion that after a year or so under it the voters could not be persuaded to go back under the aldermanic form.

M. E. Ford, an enthusiastic supporter of the new plan answered a number of questions propounded and replied to several statements made, among them being that taxes would be increased with the new plan in operation. Mr. Ford pointed out that under the present state law the city was collecting the maximum taxes and that it was not possible under any circumstances to increase the rate of taxation. Mr. Ford pointed out that with the mayor and the board of aldermen, composed of nine members, the board of public works composed of four members, the library board composed of eight members—all co-ordinated into a board of three commissioners with power to do things, to get results, that Maryville within a year or two would be glad that the change had been made.

MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss. — "Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dressmaking besides my housework. You are at liberty to publish my letter if it will help some poor suffering woman." —Mrs. J. C. SANFORD, 1237 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, sideache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Sanford's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.

EDWARD RENO HAS GAINED 25 POUNDS

Takes Tanlac Following Attack of Influenza and Results Are Wonderful.

For anyone suffering from the after effects of influenza and needing something to build them up," said Edward W. Reno, a well known employee of the American Railway Express company, living at 1721 Broadway, Kansas City, Missouri, "Tanlac is the finest thing in the world, and I'll tell you why.

"During the recent epidemic I was taken down with the flu myself and for two weeks was just about as sick as one gets to be. I finally managed to pull through, but my! I was as weak as a baby aferwards; I lost twenty-five pounds in weight or more, and every ounce of my strength seemed gone. Of course, I wasn't able to do a bit of work and it was just about all I could do to walk around and my legs would just completely give out sometimes. I had no appetite, either, and never cared for a thing to eat.

"I knew I wouldn't be able to go back to work at all feeling like I was, and I had heard so much about Tanlac I decided to test it out. Well, it seemed to help me right from the first few doses and has put me in shape to where I have actually gained twenty-five pounds in thirty days time. I have just finished by third bottle, and it is nothing short of astonishing the way it has increased my strength and built me up in every respect. I have not only gotten back all my old strength, but I really believe I feel better than I did even before I had the flu. My appetite was never better, all that tired feeling is gone and I am putting in ten hours of good, hard work every day, and it really doesn't bother me one bit. To say I'm strong for Tanlac is making it very mild. I am constantly telling some friend about it, and I think everybody who is in a rundown condition would do well to give it a trial."

As has been stated, there is not a single portion of the body that is not benefitted by the helpful action of Tanlac. Tanlac contains certain medicinal properties which enrich the blood and promote a healthy appetite for nourishing food, thus helping to build up health and strength in the natural way. And as in the case of Mr. Reno, Tanlac will prove invaluable to all persons suffering from the after effects of influenza, lagrippe, typhoid and pneumonia, bronchial troubles, etc. Tanlac is a powerful reconstructive tonic and always produces most gratifying results.

Tanlac is sold in Maryville by the Koch Pharmacy and A. M. Colly, Conception Junction, Mo.—Adv.

MAKE YOUR SHOES WEAR LONGER

Ten months ago, W. H. Kelley, a lumber salesman of Omaha, had a pair of shoes re-soled with Neolin Soles. Mr. Kelley does much walking and has worn these shoes constantly. He says "they are still good for another ten months of wear."

Good shoe stores carry Neolin-soled shoes in many styles for men, women and children. They cost you no more than shoes that give less wear. Neolin Soles are also available everywhere for re-soling. Remember—these soles are created by science to be what soles should be. They are comfortable and waterproof—as well as long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

M. H. S. DEFEATED IN FIRST GAME OF SEASON SATURDAY

A BATTLE ALL THE WAY

Two Lucky Long Throws in Last Half Put Hopkins "To the Good."—Knee Injujry Forces Price Out.

In a game that was a battle from start to finish, Maryville High School lost the opening contest of their basket ball season Saturday night to Hopkins High School, 23-18. The game was played at Hopkins.

Until the last fifteen minutes of the game Coach Zeigler's quintette was several points to the good, the first half ending 12-6 in favor of Maryville. However, a couple of "horse shoe" baskets on long shots put the Hopkins team on its feet and the score was reversed in the second half. A return game with Hopkins will be played here on January 17, at which time the boys hope to even up the score.

Besides the loss of a game the Hopkins trip proved disastrous to Maryville hopes, as John Price received an injury to his knee which may keep him out of the game for the rest of the season. Virgil Robinson, another regular, will be lost by graduation, leaving the team badly crippled.

Those who started in the game were: Robinson and French, forwards; French center; Price and Kirby, guards. Campbell replaced Price when the latter was hurt.

A good crowd of rooters accompanied the team, and according to reports, clearly outclassed the Hopkins-ites on the sidelines.

"DICK" STRONG FOR COLLECTOR

Second Ward Alderman Announces Candidacy for Office.

With the announcement in this issue of the Democrat-Forum of Howard ("Dick") Strong, as candidate for collector for Polk township subject to the action of republican voters, the race for that office is getting interesting, Mr. Strong being the sixth candidate to file. Dick is well known to the citizens of Maryville and is now serving as councilman from the Second ward. A young man of progressive ideas Mr. Strong has made an efficient public official and he will be a strong contender in the race.

Mr[illegible]E DIES SUNDAY

Widow of [illegible] Willebald Yehle Passes [illegible] Few Days Illness. [illegible]orrow.

Mrs. Mary Jose[illegible]ehle, mother of Conrad W. Yehle, president of the Alderman-Yehle dry goods company, died a noon yesterday at the family home, 216 South Prairie street. Mrs. Yehle had been ill with heart trouble only a few days but her passing away was not unexpected as she had been slowly failing in health for several months.

Mrs. Yehle was the widow of Judge Willebald Yehle, one of the most prominent men of affairs in the city during his life time. At the time of his death about twenty-five years ago he was county judge at large and previous to that time had been postmaster and prominent in the city administration. Mrs. Yehle was born in Baden, Germany, March 18, 1840. She was married to her husband at Jacksonville, Ill., in 1867 and the following year they came to Maryville to reside. Mrs. Yehle was a remarkable woman with a keenness of wit and memory and a genial versitality that she retained until the very last of her days. She held this remarkably clear spirit and consciousness to the end, visiting with her son and daughters and sustaining them with expressions of love and cheer. The surviving children are Conrad W. Yehle, and Misses Katherine and Theresa Yehle, living at home. She also leaves four grandsons to whom she was deeply attached Eugene, Ralph, Carlos and Cleo, the sons of Mr. and Mrs. C. W. Yehle.

Funeral services will be held at nine o'clock tomorrow at St. Mary's Catholic church when requiem mass will be read by the Rev. Father Odillo. The body will be interred in St. Mary's cemetery beside that of her husband.

MISSING REPORT NOT CLEAR.

Wife of Joseph Good Has Letter Written from Hospital on Nov. 9.

The army casualty list today gives the name of Private Joseph Good of Skidmore missing in action in France. Mr. Good's wife received a letter from her husband, written five days before the armistice was signed, saying he had been wounded and was then in the hospital and would be for some time. No other word had been received, but the wife and mother, Mrs. James Dillon, living at Skidmore, feel that it is an error.

No official notice has been received from the government.

TALKED NEW PLAN

COMMISSION GOV'T. DISCUSSED AT MASS MEETING

THOSE OPPOSING ARE FEW

Adherents of Proposed Change in City Government Present Arguments in Convincing Manner.

The mass meeting of citizens at the court house Saturday night to discuss the commission plan of city government resulted in some spirited arguments both for and against the adoption of the plan in Maryville. The chief arguments advanced by those who opposed the plan were, that the commissioners "might" vote themselves excessive salaries, that the adoption of the plan would permit of paving being done over protests of property owners and that it would result in numerous elections. The argument that salaries might be excessive was shown to be based on presumption only with nothing to warrant the belief that the pay of the commissioners would be more than the revenues justified. The paving argument, advanced by J. H. Sayler, who declared that under the commission plan the commissioners would have larger powers in regard to ordering paving of streets brought out the fact that no broader powers would be conferred than is now had under the present aldermanic form. Mr. Sayler also believed that the new plan gave opportunity for numerous elections that would provide the basis for factional differences, and that the plan offered no opportunity for saving that could not be had under the present plan.

M. A. Peery pointed out that with all elective offices except those of mayor and two aldermen done away, under the commission form, the commissioners would be able by combining two or more offices, to effect a saving of between $2,500 and $3,000 a year.

James Conklin, Jr., wanted to know what salaries the mayor and commissioners would draw, expressing the fear, that being allowed to fix their own salaries, they would go the limit and thereby prevent much revenue being available for other purposes. It was pointed out that it was not possible to say at this time what salaries the commissioners would fix, but that Maryville's experiences with her public officials in the past would warrant the belief that with honest and capable men in office, the question of salaries might safely be left to them.

Ellis G. Cook announced his opposition to the proposed change and declared that it was nothing but a fad and that he could not see where the city would be benefitted by the change expressing the belief that it would be wise to let well enough alone, the present aldermanic form of city government having proved eminently satisfactory. Mr. Cook failed to single out any particular disadvantageous feature of the plan, his remarks partaking more of the nature of personalities.

F. P. Robinson gave specifically the reasons why he favored the plan and why he would work for it. He expressed the firm conviction that the new plan proved an unqualified success in hundreds of cities that had tried it, would prove a success here, and that with centralized authority, with three men responsible instead of some twenty or more, that the city's revenues could be expended where they would do the most good. Mr. Robinson declared that it was time for Maryville to try something, as with the old plan of government having miserably failed, with the city going backward instead of forward in civic matters, with residents leaving the city for the reason that there was a lack of progress, business men were coming to a realization that something must be done, or that there would be still further decline of business prosperity.

J. J. Heifner announced his intention to work for the adoption of the new plan at Tuesday's election, believing it offered relief from existing conditions. Mr. Heifner declared that no other section of the state offered the possibilities of Nodaway county and that Maryville ought to have the best to be had in city government.

Geo. Robb Ellison reviewed the law under which it is proposed to change to the new plan, the powers given the commissioners, the safeguards that are provided together with all details that

$176,204 FOR THE NORMAL

State Tax Commission Will Recommend a Cut of $66,000 From Sum Asked by the Board.

From the report of the State Tax Commission on the state budget which includes recommendations for appropriations for state institutions, it looks as though the Normal school would have to get along with an amount considerably less than the sum requested. The Normal wanted $242,704, but the budget will only recommend that $176,204 be allowed. Buildings at the Kirksville state normal which was destroyed by fire last summer and a building for the Colony of Feeble Minded at Marshall, will be the only structures recommended in the commission's report.

The requests and the recommended appropriations for the five normal schools in the state are given as follows:

First district normal, Kirksville, requested $537,846; recommended $391,298.

Second district normal, Warrensburg requested $459,220; recommended $274,490.

Third district normal, Cape Girardeau, requested $392,506; recommended $274,980.

Fourth district normal, Springfield, requested $251,100; recommended $230,400.

Fifth district normal, Maryville, requested 242,05; recommended $176,204.

MEET AT BARNARD

COUNTY S. S. CONVENTION WILL MEET THERE THIS YEAR

EXECUTIVE COM. MEETS

Much Interest in Organization of Community Teacher Training Class. Union Service Announced.

The next meeting of the Nodaway County Sunday School Convention will be held at Barnard, September 23, it is announced by Preisdent G. B. Roseberry, president of the association. The decision was reached at a meeting yesterday afternoon of the executive committee of the association, when an invitation was presented by Roy Cook in behalf of the Grant township organization. The board voted unanimously to hold the next convention at Barnard.

Announcement was made that there would be a union service of the churches on Sunday, February 23, when John Alexander of Chicago, International superintendent of young people's work, and Sterling Williams, of Kansas City, state superintendent young people's work, would be the principal speakers.

Supt. Bert Cooper, in reporting progress made in the organization of the community teacher training class announced that Prof. J. W. Osburn had consented to act as instructor, the first meeting to be held tonight at the Christian church. The course of study is the one approved by the international association and will consist of forty lessons, divided as follows: The first ten lessons will be devoted to the pupil, the second ten lessons to the teacher, the third ten to the life of Christ ad the remaining ten will deal with the church. The teacher training class is arousing widespread interest among the teachers in the Sunday Schools in both the city and country as its organization offers a course of training that means greater efficiency in Sunday school work and the study of problems that are of vital importance.

At yesterday's meeting new plans were discussed relative to holding township conventions, it being desired that more time be given Mrs. I. E. Tulloch, elementary superintendent, to meet and confer with workers and teachers. A plan and schedule of township conventions for the year will be presented at the next meeting of the committee on February 9.

A number of reports were received from Sunday Schools telling of progress made with the fund for Armenian and Syrian relief.

Rev. Holladay to Assist.

Rev. R. C. Holladay of the Methodist church, South, has been assigned to assist in the Centenary Movement campaign of the church and will take part in the work in the Macon and Chillicothe districts. Rev. Holladay will be absent from the city during the greater part of the week.

SUFFRAGE BILL NO. 1

WOMEN'S MEASURE IS FIRST ON LEGISLATIVE CALENDAR

LOBBYING FOR PASSAGE

Many Well Known Suffrage Leaders Are at Jefferson City.—Ask Presidential Suffrage Only.

Jefferson City, Mo., Jan. 13.—Suffragist leaders from all parts of the state, here as lobbyists for the woman's suffrage bill have completed a poll of both houses of the legislature, which shows the suffrage bill to have a good sized majority in both. The bill is No. 1 on the calendar of both houses, by consent of President Pro Tem Goodson of the senate, and Speaker Sam F. O'Falon of the house.

The suffragists have been active on the floor and in the hotel lobbies since the first day of the session. Most of them have had experience in previous sessions, and already know the old members of both houses. Those who are here are Mrs. Walter McNab Miller of Columbia, president of the state suffrage association; Mrs. David O'Neil of St. Louis, vice president of the association; Mrs. William Haight of Howell, secretary Mrs. Jules Rosenberger of Kansas City, a director; Miss Marie Ames of St. Louis, executive secretary of the board of directors; Mrs. W. E. Harshe of Columbia, a director, and Miss Alma Sasse of Brunswick. In addition to these the following Jefferson City women are acting as lobbyists, Mrs. James William Parker, Mrs. Claude Clarke, Mrs. William Painter, Mrs. Joseph Kollsmeyer and Miss Matilda Dallmeyer. Wives of several of the senators also are working for the bill.

A poll indicates that a majority of the St. Louis delegation will support the bill, as both parties in their platforms have declared for it, and the governor, in his message, also has urged that it be passed.

The suffragists are asking only for the right to vote for electors of president and vice president, a right which the women now have in nineteen other states. The bill which has been framed will be introduced in the house by Walter Bailey of Joplin, and in the senate by James W. McKnight of King City. It closely resembles the laws in Illinois, Nebraska North Dakota and Rhode Island, which have presidential suffrage only.

HURT IN COASTING ACCIDENT.

Miss Frances Hahn Seriously Injured When Sled Overturned.

Miss Francis Hahn, daughter of Mr. and Mrs. M. A. Hahn, teacher in the Elmo public school, was seriously injured last Thursday night while out coasting with a party of friends there. The sled on which Miss Hahn was coasting was overturned and she was thrown violently to the ground, sustaining injuries to her neck and spine. Miss Hahn was removed to her home, following the accident and it is believed that it will be some time before she is able to resume her work. Miss Nina Merrigan of Conception Junction was secured as substitute teacher until Miss Hahn's recovery.

Earl Conz, living northeast of Skidmore, died at 9:30 o'clock Saturday night of pneumonia, following influenza. The funeral services were held today at Maitland. Mr. Conz is about 35 years old and leaves a wife and four children.

NO AGREEMENT ON PARLEY.

Paris, Jan. 13.—Delegates to the first session of the supreme inter-Allied council at the foreign office Sunday afternoon failed to reach any agreement on the procedure of the peace conference it was learned today from an authoritative source. A second session of the meeting is scheduled to begin there this afternoon. The initial session, it is understood, was unsatisfactory from American viewpoints.

FOOD ON WAY TO FRANCE.

Washington, Jan. 13.—Three cargo ships loaded with 46,966,600 tons of flour and other foodstuffs are en route to Gibraltar where they will be unloaded and the cargoes sent to France for sale to the people at cost, the war department announced this afternoon.

CIVIL WAR ENDED?

BERLIN GOV'T. REPORTED TO HAVE ROUTED SPARTACIDES

LOYAL TROOPS CONTROL

Radicals Reported to Have Sustained 2,100 Casualties With 600 Killed. Are Fleeing From City.

Copenhagen, Jan. 13. — Civil war which has been raging in Berlin, came to an end Sunday with government troops in control of the city and the Spartacides fleeing, said a dispatch from that city today. Karl Radak, representative of the Russian Bolsheviki, who has been aiding Karl Liebnecht in the organzaton of the Spartacides and the spreading of Bolshevist propaganda in Berlin, has been arrested on orders from Chancellor Ebert. During a peaceful demonstration of socialists in Liepsigstrasse Sunday afternoon Spartacides fired on the participant with hidden machine guns, killing and wounding several.

Government troops in Berlin have stormed and recaptured the great Balez plant, now a brewery, and the police station. It was at the latter place that Radak was taken. It was subsequently learned that Liebnecht had been found and arrested. The Spartacide cause is now regarded as decisively lost.

Severity of the fighting around the Voerwaerts building is shown by the fait that the loyal troops found four hundred dead Spartacides in the structure with many wounded having taken refuge in the cellar.

A state of siege has been proclaimed at Ratisbon, in Bavaria, as a result of disorder there. Many Spartacide prisoners are reported to have been executed at Berlin. The Spartacides sustained 2,100 casualties in the fighting in Berlin during the past week, 600 having been killed. Dusseldorff, Saturday was reported to be in the hands of the German Reds, has been occupied by troops from the British army of occupation in Germany.

Washington, Jan. 13.—Leaders of the Spartacides in Berlin have sent a telegram to Moscow saying that "fighting must be stopped as soon as possible because the working classes were not yet ripe for a dictatorship of the proletariat according to German press reports reaching the state department.

BACK WILSON'S FOOD BILL.

Washington, Jan. 13.—The passage by the House this afternoon of a bill embodying the President's proposal of 100 million dollars for foodstuffs for Europe, was foreshadowed, not only by the presence of a solid democratic majority, but by a strong championship measure voiced by "Uncle" Joe Cannon and minority leader, Mann.

ARMISTICE RENEWAL TERMS.

London, Jan., 13.—The terms on which the armistice with Germany will be renewed will give Marshal Foch and the Allied commander a freer hand and additional power to take the initiative if circumstances demand, according to information received by the Evening News from Paris his afternoon.

THE WEATHER.

Generally fair tonight and Tuesday; slightly colder tonight.

No Taxation Increase

The regular annual rate of taxation in cities of the third class and cities of the fourth class when the population is less than ten thousand is the same, as fixed by the Constitution. Commission form of government can not change the regular annual tax rate, as that is governed by the provisions of the Constitution based on population.

RELATING TO PEACE.

(By W. C. VanCleve).

President and Mrs. Wilson have been having a good time over in the Old World. They have hobnobbed with kings, emperors, princes and potentates and royalty in general until the quiet simplicity of Washington, D. C., U. S. A. should be a genuine relief and joy. They have feasted with the elect while the populace has strewn flowers in their pathway and the glad acclaim of admiring peoples has marked the President as the personification of democracy in its broad sense and the saviour of civilization. He has been made a citizen of three great nations. All of this has no doubt been sweet incense to the nostril and music to the ear of the great representative of a nation of free men who do not themselves specialize in hero worship. The experience will be interesting, educational, and highly stimulating and energizing for the hard work ahead if not prolonged to the point of weariness. While the President is thus getting his bearings, getting a clearer conception of the public mind in the allied countries, and sounding the depths of European diplomacy, the American people, with their usual fortitude and faith in the final triumph of right and justice, are complacently going about their business and patiently waiting for some definite beginning of real peace negotiations.

It is pretty generally conceded now that the President was wise in going across the waters in order that he might get a clearer and more definite understanding of the situation from the European viewpoint, and in order that he might the more fully impress the allied powers with the American idea of right and fair dealing. That he is badly needed at home can not be denied. The shortest and busiest session of Congress is in session. The era of transition from war back to peace is at hand and there is no general, definite, constructive policy agreed upon. In spite of all this, he is doubtless right in believing that his greatest duty is abroad. The greatest work immediately before us today is to conclude an early and satisfactory peace with the enemy and get our boys back into civil life. The world is badly upset and the sooner it caan be readjjusted to orderly conduct the better all around.

It is also easy to understand why it was neither possible nor wise to undertake any general announcement of our claims before the peace conference in detail in advance. We have his fourteen points, generally accepted by Old World nations as a basis or general chart for a jjust peace, but there is a world of work in converting principles into practical, workable mechanism. The principle of aerial navigation flitted through the brain of Darius Green of "flying machine" fame in the old fifth readers. Mother Shipman announced the coming of horseless carriages and Jules Verne dreamed of submarines but it took the mechanical genius of the world many years to put these conceptions ihto successful machinery and to practical use. The lack of information in detail and the difficulty of visualizing general principles in the form of practical, operating machinery is causing embarrassment to the President's friends in Washington. In the United States Senate, where, under our constitution, the peace treaty must be ratified or rejected, there is a disposition to discuss our probable plays in the great game ahead. Numerous questions arise which no one seems able to answer authoritatively. What is involved in the much discussed "league of nations?" Just what does "freedom of the seas" mean? What was in the President's mind when he suggested the removal of "economic barriers?" It has been made quite clear that we do not want colonial acquisitions or territorial extensions but how about reparation, damages or indemnities from Germany? These and other questions are agitating the minds of legislators. Certain senators have made bold to state their criticisms of what they conceive to be the answer but it is very difficult to frame an answer to these critics on speculation. In due course of time of course all these things must take concrete form and the case will be before the world. The matter, however, of drawing a final contract involving the rights and responsibilities of twenty-eight nations and of having it agreed to, is no small undertaking, and there is evidence that, on some of the above propositions, there will be differences of opinion. The American peace commissioners will have to grapple with many of the master minds of Europe and there are likely to be some master plays before the game is ended. At the close of the Napoleonic wars, France went into the conference against the trained minds of enemy representatives and with hardly a friend in the conference. Yet the great Talleyrand fenced until he saw divisions in the ranks of the enemy, the small nations came to his support after he had supported them, and he won, under the circumstances, what was conceded to be a great victory single handed.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Red Cross News From Nodaway Auxiliaries

MRS. ARTHUR M. CROOKE
Phone, Hanamo 4504

(Note:—Please report or send all news of Red Cross Activities to the editor of this column)

Attention Workers. All surgical dressings were finished last week and auxiliaries are now asked to give their time to the making of garments. Each afternoon and evening an instructor will be at Red Cross headquarters on West Third street and every one who is willing to help is asked to do so for the quota assigned must be finished by January 20.

Home Service. Discharged soldiers will receive important literature by writing Miss Bettie Turner, Maryville, Mo., and mentioning the fact of their discharge.

Home Service. The obligation of the Red Cross to families of the men in the active military or naval forces does not cease upon their honorable discharge. We owe a duty to these men and their families during the period of readjustment to civil life, which the Red Cross must help fulfill through Home Service. This duty is especially important in cases where discharged men are physically weakened through disease or wounds. Even apart from such cases, however, the duty to discharged men and their families will be of very large scope during the months of, and immediately following demobilization. The Red Cross must be prepared to render service of this character for a considerable time after peace is declared. The object in dealing with the known needs of discharged men and their families should be to aid them in adjusting themselves to their existing economic and social surroundings in the best manner possible. The family of a man honorably discharged, when there is a real opportunity for acceptable service, should be considered a proper object of Home Service during at least a year after discharge. Beyond that period each such application for help may be dealt with individually in the discretion of the Home Service section.

Home Service. Henceforth and until further notice, Home Service applies to discharged soldiers and sailors (whether able-bodied or disabled) and their families, and to the families of deceased soldiers and sailors, whether or not the families in either class were known to Home Service sections during the period in which their men were in military or naval service.

Mrs. Vilas Martin, chairman of nursing activities hopes to have a school of nursing started in Maryville within a short time. Any person, either in the city or country, who wishes to take the course can secure full details by calling Mrs. Martin. The course will comprise fifteen lessons, the cost for which will be $1.00—50 cents admission fee and 55 cents for text book. This work has already been installed at Graham with Mrs. Freytag as instructor. Mrs. Martin together with Mrs. Freytag will go to Kansas City this week to atten a four-day school of instruction or institute. Mrs. Martin hopes to see the course of nursing established in all the high schools in the county.

The Woodmen Circle will meet Monday night at headquarters on West Third street. All members are urged to be present to work on garments.

The following auxixliaries reported last week as follows:

First M. E. Missionary: Miss Eva Rittenour, instructor; members present: Mesdames Winfield Scott, R. L. Kirby, Herndon, N. H. Brown, T. L. Wadley, G. R. Cornelius, Misses Ruth Matter, Ida Barton. Made 150 compresses 8x4 and 122 4x4 wipes.

Daily Health Talks

GOING BACK TO NATURE.

BY DR. W. LUCAS.

People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation to cure almost every ill. Some of these vegetable growths are understood by man, and some are not. Animals, it would seem, know what to do when they are sick better than men and women. Observers have noted that a sick horse, dog or cat will stop eating food and seek out some vegetable growth in the field or yard, which, when found and eaten, often restores appetite and health. Haven't you seen these animals do this very thing yourself?

Dr. Pierce, of Buffalo, N. Y., long since found the herbs and roots provided by Nature to overcome constipation, and he had these vegetables collected and made up of Mayapple, leaves of Aloe, root of Jalap, into little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets. You must understand that when your intestines are stopped up, poisons and decayed matter are imprisoned in your system and these are carried by the blood throughout your body. Thus does your head ache, you get dizzy, you can't sleep, your skin may break out, your appetite declines, you get tired and despondent. As a matter of fact, you may get sick all over. Don't you see how useless all this suffering is? All that is often needed is a few of Dr. Pierce's Pleasant Pellets, which he has placed in all drug stores for your convenience and health. Try them by all means. They are probably the very thing you need right now.

When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities.

You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by an impaired appetite, a feeling of lassitude and a general weakening of the system. It is then that you should promptly take a few bottles of S. S. S., the great blood purifier and strengthener. It will cleanse the blood thoroughly and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 24 Swift Laboratory, Atlanta, Ga.

A petition therefor having been filed with the Mayor and City Clerk of the City of Maryville, Missouri, in the form required by law and properly signed by qualified voters and electors of said City of Maryville in number greater than twenty-five per centum of the votes cast for all the candidates for Mayor of said city at the last preceding city election held in said city, therefore in accordance with said petition and in accordance with the provisions of Ordinance No. 805 of said city of Maryville, passed and approved on the 20th day of December, 1918, and by virtue of the provisions of the laws of the State of Missouri, hereinafter mentioned, I, W. O. Garrett, Mayor of said City of Maryville, do hereby order and direct that a special election of all the qualified voters of said City of Maryville, be had and held in said city on Tuesday, the 14th day of January, 1919, for the purpose of voting on the proposition to organize said City of Maryville as a city under and according to the provisions of an act of the Forty Seventh General Assembly of Missouri, entitled, "An act providing for an alternative form of government for cities of the third class and cities now having or that may hereafter have a population entitling them to become cities of the third class, and cities under special charters, making provisions for the election of a mayor and four councilmen at large, for a method of nominating candidates for office at a primary election, for electing candidates selected at such primary election at a general election, providing for the appointment of various city officers, and providing for the initiative and referendum in municipal legislation, and further providing for the recall of any elective officer, which shall become effective only in the event of an adoption of the provisions of this act by the vote of the electors of any said cities and providing for the renunciation of the provisions of this act when once adopted, with an emergency clause," approved March 28, 1913 and found on pages 517 and 533 inclusive of the Laws of Missouri of 1913, and amendments thereto as found on page 375 of the Laws of Missouri, of 1917. If the majority of the votes cast at said special election shall be in favor thereof, said City of Maryville will be organized under and subject to the provisions of said law, and there will thereafter be elected a mayor and two councilmen for said city as therein provided.

The polling places for said special election shall be as follows: First Ward—City Hall, No. 203 East Fourth Street. Second Ward—Building known as Sewell's Garage, No. 114 to 116 West 4th Street. Third Ward—Gray's Feed Yard, No. 114 West Second St. Fourth Ward—Building at No. 120 East Third Street. All in said City of Maryville, Missouri. When and where all the qualified voters of said City of Maryville are hereby notified to appear and vote on said proposition.

The polls will be opened at 6 o'clock a. m. and kept open until 7 o'clock p. m. unless the sun sets after 7 o'clock, when the polls will be kept open until sunset.

The judges of election appointed therefor by said Ordinance No. 805, shall conduct said special election.

Witness my hand as Mayor of the City of Maryville, Missouri, this 20th day of December, 1918.

(Seal) W. O. GARRETT, Mayor.

TALKED NEW PLAN

(Continued from first page.)

would lead to a full understanding of the questions involved. Mr. Ellison urged the adoption of the commission form, expressing the opinion that after a year or so under it the voters could not be persuaded to go back under the aldermanic form.

M. E. Ford, an enthusiastic supporter of the new plan answered a number of questions propounded and replied to several statements made, among them being that taxes would be increased with the new plan in operation. Mr. Ford pointed out that under the present state law the city was collecting the maximum taxes and that it was not possible under any circumstances to increase the rate of taxation. Mr. Ford pointed out that with the mayor and the board of aldermen, composed of nine members, the board of public works composed of four members, the library board composed of eight members—all co-ordinated into a board of three commissioners with power to do things, to get results, that Maryville within a year or two would be glad that the change had been made.

MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss. — "Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dressmaking besides my housework. You are at liberty to publish my letter if it will help some poor suffering woman." —Mrs. J. C. SANFORD, 1237 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, sideache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Sanford's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.

EDWARD RENO HAS GAINED 25 POUNDS

Takes Tanlac Following Attack of Influenza and Results Are Wonderful.

For anyone suffering from the after effects of influenza and needing something to build them up," said Edward W. Reno, a well known employee of the American Railway Express company, living at 1721 Broadway, Kansas City, Missouri, "Tanlac is the finest thing in the world, and I'll tell you why.

"During the recent epidemic I was taken down with the flu myself and for two weeks was just about as sick as one gets to be. I finally managed to pull through, but my! I was as weak as a baby afterwards; I lost twenty-five pounds in weight or more, and every ounce of my strength seemed gone. Of course, I wasn't able to do a bit of work and it was just about all I could do to walk around and my legs would just completely give out sometimes. I had no appetite, either, and never cared for a thing to eat.

"I knew I wouldn't be able to go back to work at all feeling like I was, and I had heard so much about Tanlac I decided to test it out. Well, it seemed to help me right from the first few doses and has put me in shape to where I have actually gained twenty-five pounds in thirty days time. I have just finished by third bottle, and it is nothing short of astonishing the way it has increased my strength and built me up in every respect. I have not only gotten back all my old strength, but I really believe I feel better than I did even before I had the flu. My appetite was never better, all that tired feeling is gone and I am putting in ten hours of good, hard work every day, and it really doesn't bother me one bit. To say I'm strong for Tanlac is making it very mild. I am constantly telling some friend about it, and I think everybody who is in a rundown condition would do well to give it a trial."

As has been stated, there is not a single portion of the body that is not benefitted by the helpful action of Tanlac. Tanlac contains certain medicinal properties which enrich the blood and promote a healthy appetite for nourishing food, thus helping to build up health and strength in the natural way. And as in the case of Mr. Reno, Tanlac will prove invaluable to all persons suffering from the after effects of influenza, lagrippe, typhoid and pneumonia, bronchial troubles, etc. Tanlac is a powerful reconstructive tonic and always produces most gratifying results.

Tanlac is sold in Maryville by the Koch Pharmacy and A. M. Colly, Conception Junction, Mo.—Adv.

TOLD STORY OF SHOOTING.

Westbury, L. I., Jan. 13.—Mrs. Maxis Augustine Lebaudy today through her attorney told her own story of the shooting of her husband, Jaques Lebaudy "Emperor of Sahara," and eccentric millionaire. To save her fifteen year old daughter from a fate worse than death and of a series of incidents which led her to act were related by the attorney. Every precaution is being taken to prevent her from committing suicide.

MAKE YOUR SHOES WEAR LONGER

Ten months ago, W. H. Kelley, a lumber salesman of Omaha, had a pair of shoes re-soled with Neolin Soles. Mr. Kelley does much walking and has worn these shoes constantly. He says "they are still good for another ten months of wear."

Good shoe stores carry Neolin-soled shoes in many styles for men, women and children. They cost you no more than shoes that give less wear. Neolin Soles are also available everywhere for re-soling. Remember—these soles are created by science to be what soles should be. They are comfortable and waterproof—as well as long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

To Our

Customers and Friends

Another year in the long history of this bank draws to a close. A most notable year in the continued progress of this institution.

For more than **Fifty Years** we have faithfully served the people and with their loyal help have materially aided in the growth of this city and county, all of which we are thankful for.

In entering the New Year we do so with confidence and abiding faith in the future, it being our aim at all times to aid and render such services to our customers as will help them in the financial problems of the times.
